INTRODUCING THE FIRST IN THE SERIES OF SILVER COINS FROM THE 50 STATE QUARTERS™ PROGRAM.

1999 IS JUST THE BEGINNING.

This year the U.S. Mint is embarking on a program in which we will mint a new quarter to honor every state in the union. Through the year 2008, you will have the opportunity to own every quarter in the series. But you have to hurry. Only a limited quantity of silver coins will be minted.

BE A PART OF AMERICAN SILVER HISTORY.

With the 1999 U.S. Mint Silver Proof Set™, you can own a part of history. When the first quarters were struck in 1796, more than three years after the U.S. Mint began producing coins, silver was the chosen metal. Silver continued to be a standard metal for American coinage up until the Coinage Act of 1965, which mandated the use of copper-nickel instead of silver for U.S. coins. The dime, half-dollar and each of the 50 state quarters in this Silver Proof Set are struck in 90% silver, generally referred to as "coin silver." Enjoy this Silver Proof Set that commemorates the history of our Nation along with the heritage of silver coinage.

THE BEAUTY OF A SILVER PROOF COIN.

Each Silver Proof coin is struck multiple times with specially polished dies and then carefully inspected for exacting quality and detail. This is the classic expression of the minter's art.

SET FOR LIFE.

While previous years' Silver Proof Sets included five coins, the 1999 U.S. Mint Silver Proof Set™ will now include nine coins — one quarter from each state honored this year, as well as the Lincoln Cent, Jefferson Nickel, Roosevelt Dime, and Kennedy Half-Dollar. Of course the set comes with its own Certificate of Authenticity backed by the United States Mint. Don't miss out on the chance to begin collecting these special quarters in silver.

SAY IT WITH SILVER.

Silver Proof Sets not only make a worthy beginning to your silver collection of the 50 State Quarters™, they also make an excellent gift for loved ones. From the birth of a new baby, to graduations and holidays, Silver Proof Sets are gifts of historic beauty that are sure to be appreciated. Start a silver collection for your child or grandchild today.

Dear Collector:

We've made two great coin programs better. This year, we introduced the first design changes to the quarter-dollar since 1976 – five among fifty refreshing, historically significant new images appearing over the coming decade. Then we put those quarters in our Proof and Uncirculated Sets. And now the premiere year for the longest series of new coin designs in American history is yours ... in silver.

Introducing the 1999 United States Mint Silver Proof Set™

Alongside the cent and nickel, the Silver Proof Set features all five 1999 50 State Quarters™ plus a dime and half-dollar struck in ninety percent silver – nine coins in place of the usual five, seven struck in silver. This Silver Proof Set includes 1999 quarters honoring Delaware, Pennsylvania, New Jersey, Georgia, and Connecticut.

You know what quality and craftsmanship to expect in these first silver coins from the 50 State Quarters Program™, and you know we take the hobby's demand for satisfactory mintage levels seriously. In this case, collectors are demanding every set we can make. Therefore, to give customers the chance to own these sets, orders are limited to two sets per household.

Free Postage for Web Customers

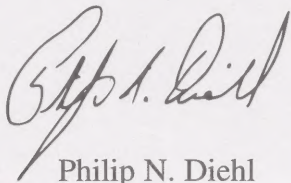

What's more, if you order on-line (www.usmint.gov), we'll waive the shipping and handling charge as our thank-you for reducing our processing costs.
